UN2011
1200/2000 Series - Accessory - Universal Node - ARCNet To RS232 Converter

Details

- FP1200 / FP2000 arcnet to RS232 interface
- Allows computer applications to operate on the fire panel network
- 230V operation and battery charger
- Can be extended with MOD2000 for remote operation
- 'Black box' operation

UN2011
1200/2000 Series - Accessory - Universal Node - ARCNet To RS232 Converter

Technical specifications

Input voltage

230 V ac, 50 Hz, 10 VA

Battery type

12 V 1,2 Ah

Fault relay

2 A @ 24 V dc, 50 W dc

Weight

5 kg

Dimensions mm (H x W x D)

400 x 300 x 65

Operating remperature

0 - 40 °C
